B250	24"	60 cm	114 L	24 g
B350	36"	90 cm	380 L	45 g

Metallic balloons are slightly smaller due to their latex composition.

The specifications of Belbal balloons are measured in lab conditions and can differ as environmental conditions change. Balloon colours in this catalogue reflect true colours of inflated balloons as close as possible. Real balloon colours may differ to those on screen or printed material due to the difference in computer monitors and printers.
